1. Effective 1990/91 a median grade is reported for all undergraduate courses with enrolment >10
2. Prior to May 1999 the GPA was calculated by degree. Effective May 1999 the GPA is calculated by level. Levels of study with GPA's:
  - AC Architecture/Engineering (Years 3&4)
  - DN Dentistry
  - HP Health
  - TC Technology Diploma (Faculty of Agriculture)
  - UG Agriculture, Arts & Social Sciences, Science, Computer Science, Engineering (Years 1&2), Management
3. For Dalhousie students taking courses at other institutions; prior to May 1991 the actual grade earned at the other institution is recorded in the remarks column. From May 1991 the grade is recorded in the grade column. From May 2003, for non Canadian institutions, Pass/Fail only is recorded.
4. The notation: Academic Forgiveness appears when a student's GPA has been reset following a prolonged absence from the university and subsequently has returned to good standing.
5. Effective 2010/2011 when a course has been repeated at the undergraduate level, only the higher grade is included in the GPA
